SPECIALIZING IN ALUMINUM RV SIDING

ALUMINUM SIDING CATALOG & FORMS

ORDERING INSTRUCTIONS

* R.V. Aluminum Siding is custom fabricated to order.
Prices are based on the square foot and depend on the particular profile pattern requested.

SQUARE FOOT CALCULATIONS:

Cut Size is Width (inches) X Length (inches) / (divide by) 144 = Sq. Ft.

- * When determining the dimensions of the siding, you'll likely find it easier and more accurate to measure the old pieces while still on the unit. (vehicle)
- * When ordering, please state your dimensions as: WIDTH (first) X LENGTH (second).
- * Start at the top and simply measure what you see from lock to lock on each piece. (finished size)
- * Fax and Email orders are preferred over phone orders in an effort to avoid discrepancies.

SALES TERMS

*** Unless a credit account has been established with LONE PINE, all other orders must be pre-paid before shipping.

*** Invoices are due and payable 30 days from date of invoice; and are subject to a 3% per month penalty fee.
